Our school strategies are on track to meet or exceed our targets

During 2015, we have focused on maximising the benefits of this funding for our students. After reviewing our Great Results Guarantee agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our strategies to ensure that every student succeeds.

Strategies implemented included:
- Concentrating on Prep to Year 2
- A focused and intensive two hour teaching block for English and Mathematics for one semester
- Providing for an extra Teacher Aide during this time

Through pre-assessment and post-assessment items it was found that all junior students improved in this time by nine to twelve months. Thus showing that the strategies planned and executed had a very positive effect on the students’ learning.
