Snapshot report

Under the Investing for Success Agreement for 2016 Murray’s Bridge State School received (finalised amount) $5,000

Our full 2016 agreement can be found at: www.murrbridss.eq.edu.au

Our school initiatives are on track to meet or exceed our targets

During 2016, we focused on maximising the benefits of this funding for our students. After reviewing our 2016 Investing for Success agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our initiatives to ensure that every student succeeds.

Initiatives implemented include:

- Initiative 1 – develop teachers’ capability to design and successfully implement age-appropriate highly individualized curriculum plans for students with learning needs
- Initiative 2 – access workshops, conferences and research regarding dyslexia
- Initiative 3 - Provide technology to enhance learning for students with difficulties

Our school initiatives have shown limited progress toward our targets

During 2016, limited progress was made toward our targeted student outcomes. We will review our initiatives and make adjustments to better focus on maximising the benefits of Investing for Success funding for our students.

- Initiative 3 (see above) – although we provided student access to very good online learning the strategy was difficult to implement due to issues with technology. What we managed to do was very good and very engaging for the student.
